RECENT PUBLICATIONS IN SCOTTISH
GOVERNMENT AND POLITICS

C H ALLEN

The list below covers material omitted from previous listings, and material published since the last list, in the period 1.6.84 to 31.5.85. Where a publisher is not specified, the publisher and author are the same. I would be grateful to be told of any errors or omissions.

To make it easier to obtain theses on inter-library loan, I have included where possible the British Library (Lending Division) or University Microfilm numbers; these should be quoted when applying for a loan copy.

Two changes have been made in coverage. As there now exists a current index to the *Scotsman* (contact John Bennett, Scotsman Index Project, 21 Buccleuch Place, Edinburgh), I no longer cite newspaper feature articles in the index. I also do not list reports of investigations by the local Government Ombudsman.
