RECENT PUBLICATIONS IN SCOTTISH GOVERNMENT AND POLITICS

C.H. Allen

The list below covers material omitted from previous listings, and material published since the last list, i.e. from June 1990 to June 1991. Where a publisher is not specified, the publisher and author are the same. I would be grateful to be told of any errors or omissions.

To make it easier to obtain theses on inter-library loan, I have included where possible the British Library (Lending Division) or University Microfilm number; these should be quoted when applying for a loan copy.

Certain periodicals have been abbreviated thus:
